Dear parents, dear students,

we are writing to you with the information that will
serve you in deciding where to place your son or
daughter next school year.

Dominance of hotel academies in the field of
interest of parents and graduates of primary schools
has been going on for several years. The increased
interest in this study is justified in the present and
future. This fact is confirmed by the statistics. They
guarantee 98% graduate employment rate of hotel
academies at home and abroad. A variety of options
to place in the labour market is quite wide:

- **gastronomy** – cooks, waiters and waitresses,
managers, top managers,
- **economy** – accountants, sale representatives of
companies, economists, financial advisors, managers of
enterprisers and social facilities of catering, gastronomy,
tourism, banking and judicial personnel,
- **field of tourism** – tourist guide, interpreters, translators,
hotel and accomodation employees, as well as travel
agency employees,
- **field of teaching** – masters or trainers, teachers of
vocational subjects, foreign language teachers,
- **public administration and local government** – head of
schol, firm canteens and catering facilities, and
administrators.

**Increased allowance of foreign languages in
our school, work with computers and internet
allows students to participate in foreign**

**practice in the states of EU and other
attractive countries.**

The school provides education (also as a state one)
based on the School Education Plan prepared
according to SEP and the requirements of region, the
interest of students and also the needs of the labour
market. Our students are annually involved into the
Burza SŠ where they represent themselves not only
theoretically, but also practically.

**Your desires and wishes can be fulfilled,
in case you apply for the school.**

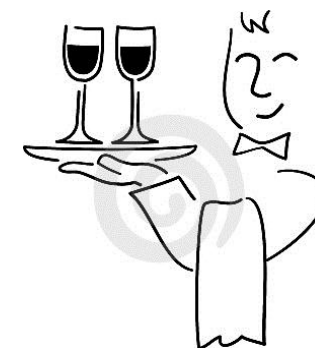

We are:

- Practice

On the subject of Technology of Food Preparation, students are under the supervision of qualified teachers, they buy ingredients used for cooking. Deposit for cooking is about 10 €/month. **Since the school year 2012/2013 we pay this amount for the students, so the student can save 100 € every year.** Cooked food is eaten by students. This day it is not necessary to buy food. Our school has students from many districts - MI, SO, VT, TV, HN, Sečovce a Kráľovský Chlmec. Summer practise can be performed at their place of residence.

The quality of education is guaranteed by

the experienced language teachers, teachers of economy, catering and general-education subjects. We teach to work with computer and interactive whiteboard. Every teacher has its own notebook.. We plan to provide it also to students.

Special classrooms complete also the framework of our education possibilities.

School has specialized classrooms of:
